Premium Himalayan Pink Rock Salt
Naturally Sourced • Certified Quality • Export Ready

Company Profile

RAN Enterprises® is a vertically integrated manufacturer and exporter of Himalayan Pink Rock Salt, supplying premium-grade salt to international markets. Our salt is mined from ancient deposits in the Himalayan Mountains of Pakistan using the traditional room-and-pillar method, ensuring sustainability and purity. Processed using food-grade stainless steel systems, we deliver consistent, high-quality, contaminant-free salt for global food and industrial applications. Since 2021 more than 1.5 million kg/3.3 million lbs salt has been exported to two major distributors in East Coast of the USA.

Product Range

We supply Himalayan Pink Rock Salt in various grain sizes such as fine grain (0.2-0.8 mm), coarse (1-2 mm and 2-5 mm) in multiple food grade packaging formats.

Why Himalayan Pink Salt?

Himalayan Pink Salt is a natural, unrefined mineral salt hand-mined from ancient sea salt deposits in the Himalayan foothills.

A salt mine at Himalayan foothills

- **Rich in Essential Minerals**
Contains up to *84 naturally occurring trace elements*, whereas sea salt is devoid of these:
 - o Calcium – bone strength and muscle function
 - o Magnesium – nerve and muscle support
 - o Potassium – electrolyte balance
 - o Iron – improved blood oxygenation
- **Electrolyte Balancing**
Helps regulate fluid balance, promotes healthy hydration, and replenishes salts lost through sweat, especially in hot weather or during work.
- **Chemical-Free Purity**
Unlike sea salt, Himalayan pink salt is free of anti-caking agents and bleaching chemicals.
- **Improved Palatability**
Its natural mineral content enhances palatability of food, additionally supplies naturally occurring minerals.

Retail Salt Grinder

Type: Himalayan Pink Rock Salt
(Refillable Grinder)

Grain: Coarse (1-2 mm), Coarse (2-5 mm)

Use: Table seasoning, gourmet kitchens

Features:

- Adjustable ceramic grinder
- Premium retail packaging
- Ready-to-use product

1 lb (454 g) Pack

Application: Household & retail

Features:

- Hygienic, food-grade packaging
- Ideal for supermarkets & online retail

5 lb (2.27 kg) Pack

Application: Household bulk / small commercial

Features:

- Economical packaging
- Consistent particle size

18 lb (8.16 kg) Pack

Application: Restaurants & catering

Features:

- Bulk usage convenience
- Reliable quality

25 lb (11.34 kg) Pack

Application: Food processing & repacking

Features:

- Industrial-grade supply
- Clean-label salt

55 lb (25 kg) Pack

Application: Export, industrial, private label

Features:

- Maximum cost efficiency
- Suitable for bulk handling

PRODUCT SPECIFICATIONS

Composition*:

- o Sodium Chloride (NaCl): ~96–98%
- o Naturally occurring trace minerals:
 - Calcium (Ca): 0.24%
 - Magnesium (Mg): 0.24%
 - Potassium (K): 0.15%
 - Iron (Fe): 0.02%

* Third party lab report is provided for each individual shipment upon request.

Physical Properties:

- Color: Light to Dark Pink
- Moisture: < 0.10%
- Insolubles: < 0.50%

GRANULOMETRY (PARTICLE SIZE RANGE)

Grade	Size Range
Fine	0.2 - 0.8 mm
Coarse	1.0 - 2.0 mm
Coarse	2.0 - 5.0 mm

QUALITY ASSURANCE

- Batch-wise inspection
- Optical sorting
- Controlled processing environment
- Traceable production system
- UPC (Barcode) and QR Codes can be provided.

Packaging & Logistics

Available Sizes: 1 lb, 5 lb, 18 lb, 25 lb, 55 lb

- **Bulk Option:** 2,200 lb (industrial)
- **Packaging Type:** Moisture-resistant poly bags
- **Palletization:** Export-grade (plastic pallets)

Trade Information

- **HS Code:** 2501.00.0000
- **Origin:** Pakistan
- **Shelf Life:** Minimum 10 years

KEY PRODUCT CLAIMS

100% Natural Himalayan Rock Salt

- No additives (no anti-caking agents, no chemicals)
- No foreign material – Optically cleaned
- Allergen-free facility
- Non-GMO
- 5 Years shelf life
- Suitable for:
 - o Vegetarian & Vegan
 - o Gluten-free
 - o Lactose-free

CERTIFICATIONS & COMPLIANCE

- SQF Certified
- HACCP Compliant
- GMP Certified
- OU Kosher Pareve Certified

Why Choose RAN Enterprises®

- Consistent export-quality supply
- Strong quality certifications
- Clean-label, natural product positioning
- Flexible packaging & private label support
- Reliable long-term partner
